Get ready for your Masters degree

So, you want to study your Masters degree?

Graduating with a Masters degree from an international university gives you a highly-respected qualification that is recognised around the world – confirmation of your expertise in your subject that can create new exciting opportunities for you and enhance your career prospects. Developed with our university partners, the NCUK Pre-Masters Preparation (PMP) qualification offers you a complete solution to gaining your Masters degree in the UK or other countries globally, such as the US and Australia.

The various modules that make up the Pre-Masters Preparation give you the high-level academic skills and knowledge you will need at Masters level, the advanced language skills needed to study abroad, and the support and guidance to successfully apply to take your Masters at a leading international university.

- Preparing you for academic excellence. The Subject module gives you experience of studying a relevant subject in English at a high academic level, before you go on to study your full Masters degree. NCUK Pre-Masters students progress to a wide range of subjects including common areas of Management, Life Sciences, or Engineering or something completely different, such as Theatre and Drama, Artificial Intelligence, or Robotics. There are thousands of Masters degree courses to choose from.
- **Developing academic research skills for postgraduate study.** Successful Masters graduates need to have expertise in a wide range of academic research skills. When you take the Research Methods module, you will learn to effectively source and evaluate information from literature and the web, master qualitative and quantitative research methods, research and plan a project, analyse and manipulate data, and understand intellectual property conventions. Note, this module is assessed by a dissertation or project proposal.
- Learning the advanced English language skills you need. Taking the English for Academic Purposes (EAP) module will
 ensure you have the high-level reading, writing, listening, and speaking skills needed to succeed on a Masters degree course.
 Recognised by NCUK Universities, this qualification can be used for visa purposes and so you don't need IELTS or another
 proof of English exam.
- Getting ready to study abroad. The Orientation to Western Study module prepares you for the teaching and learning methods you will experience on your Masters course: introducing you to the main differences between studying in your own country and studying at a western university. Please note that we will not formally assess you for this module.
- Guaranteed access to thousands of Masters degree courses. When you achieve your NCUK Pre-Masters
 Preparation qualification, you have complete peace of mind that you will be guaranteed a place on a postgraduate degree
 at a leading university in the UK. NCUK will support you throughout the application process. Our unique one-stop
 application service means that you don't have to worry about applying to each university separately, or finding the right
 point of contact. NCUK students have also gone on to study in Ireland and Australia.

High Achiever?

Each year, NCUK awards over 30 Prize Awards worth £50,000 for high achieving NCUK students that progress to an NCUK University.

All students are eligible and the awards are given based on exam results. NCUK universities also offer a range of awards and scholarships.

Please visit our website for further information.

The NCUK Pre-Masters Preparation qualification offers you a complete educational package: developing your academic knowledge, research skills and English Language ability to the highest levels, and giving you guaranteed access to a Masters degree course in the UK. This gives you the best possible preparation for success on your chosen postgraduate degree and in your future career.

Where can I study my Pre-Masters Preparation?

You can choose to study in the UK or find a Study Centre closer to home. Visit our website to find all of our Study Centres – from China, Japan and Korea to the UK and Colombia.

When can I start and how long does it take?

Our Study Centres take in Pre-Masters students in September, January and March each year. The length of the course will be either 10, 20, or 30 weeks, dependent on your current knowledge of English. This means you can plan your time and investment accordingly. With the Pre-Masters Preparation qualification and a one year Masters in another country, you could be back on your career track more quickly than anyone else. Shorter Pre-Sessional options are available at some NCUK Study Centres. Please contact your preferred Study Centre for details.

How do I enrol?

Choose whether you want to study in the UK, Europe or at your nearest Study Centre from our list of quality approved Delivery Partners. Contact details and an enquiry form for each Study Centre are available online at: **www.ncuk.ac.uk/where-can-i-study.**

How much does it cost?

Fees vary depending on where you choose to study. Please contact your preferred Study Centre for details.

Who awards the NCUK Pre-Masters Preparation?

NCUK will present you with your certificate when you successfully complete the NCUK Pre-Masters Preparation qualification. We will also give you a transcript with details of your individual module results.

How long is a Masters degree?

A Masters degree in the UK lasts one year. In Australia and the United States, they last two years. The NCUK Pre-Masters Preparation qualification prepares you to hit the ground running, whichever country you choose to study in.

"The educational level in the UK is very high and there are many opportunities like internships – my language and communication skills have definitely improved."

RIMA HARUTYUNYAN

from Armenia MSc (Hons) International Business Management Manchester Metropolitan University

"I really improved my English language skills studying on the NCUK programme in China before coming to the UK."

YIWEN LIANG from China MSc International Business The University of Leeds

"Studying with NCUK meant that I made friends on the programme in Japan and I can still keep in touch with them now we are studying in the UK."

ERIKO WAKITA

from Japan MBA The University of Birmingham

A place on a Masters degree, guaranteed

Taking the Pre-Masters Preparation gives you NCUK's unique guarantee* that you will receive a place on a postgraduate degree course at one of our UK university partners. As an NCUK student, you will have at least two conditional offers, and when you pass the Pre-Masters, a guaranteed place at a respected UK university!

Over **80%** of our students get in to their first choice of university. You will be able to choose from thousands of postgraduate degrees in all subject areas from Art to Engineering, Life Sciences to Theatre Design, Business and Finance to Marketing.

*Subject to NCUK Entry Requirements.

Helping you apply for your Masters degree

We will support and guide you through the application process, giving you expert advice on your degree options and writing your supporting personal statement. Alternative routes into postgraduate degrees mean that you have to make multiple applications, one for each programme you wish to apply to. As a Pre-Masters Preparation student, you will have access to our unique Admissions and Placement Support Service. This means you make just one application, and then let NCUK follow through the applications with each individual university on your behalf.

Where can I study my Masters degree?

Your NCUK Pre-Masters Preparation qualification will be accepted by universities worldwide, including the NCUK Universities listed in the next section. Please visit the **University Course Finder** on our website to see where your qualification could take you. If you can't find the university you really want to study at on our list, please contact us.

The NCUK Guarantee – Admissions and Placement Services

NCUK always acts in your best interests, helping you realise your dreams and ambitions, both at university and afterwards, in your life and career.

Whether you're looking for a place as an undergraduate or a postgraduate, our qualifications and guaranteed access are the best there are. They are designed in collaboration with our universities, and combine high academic standards, with language, study, social and cultural skills.

If the university you would like to attend isn't listed, NCUK has a dedicated Admissions and Placement Service that will be able to support your application. And if you don't get into your first choice university, the NCUK Guarantee means you have an excellent choice of 16 leading universities who will offer you a suitable place based on your grades and area of interest. Better still, NCUK gives you that offer on results day and takes out all the stress of the application process.

What Masters degree can I study?

Whether you want to study a Masters degree in Art or Computer Science and Engineering, Life Sciences and Pharmacy or Business, Law and Management, your NCUK qualification guarantees you two conditional offers and one guaranteed place. You will have the choice of thousands of degree courses, including the examples listed here.

Find thousands of Masters Degree courses in the NCUK University Course Finder online.
